**KALABHI
THEATRE**
PRESENTS

ASSOCIATED WITH
KUDLA ARTS FESTIVAL

ABOUT US :

Kalabhi is a space where art, artists, and learning come together, driven by the belief that art and the artist are deeply connected: “An artist for the sake of art; art for the sake of the artist.” Our mission is to make art accessible and impactful, allowing people to not just see art, but feel its influence in inspiring, thought-provoking ways.

We offer a variety of artistic activities and projects, supporting everyone from beginners to seasoned artists. At Kalabhi, we nurture both the emotional and intellectual aspects of art, encouraging growth for individuals and the community.

Kalabhi is more than an organization; it's a journey of artistic discovery.

THEATRE EXPRESS :

Theatre Express is a heartfelt initiative born from our deep passion for **the art of live theatre**.

As dedicated theatre artists, we cherish our craft and the rich stories rooted in the wisdom of our grandmothers and the folklore of our land. In a world increasingly dominated by screens and driven by profit, the value of art and storytelling is often overlooked, leaving theatres empty and the culture of live performance at risk. Yet, we believe in the power of theatre to connect us, inspire us, and preserve our cultural heritage. To keep this magic alive, we bring the stage to you with Kalabhi Theatre Express, reaching out to audiences across the community to share these timeless stories, nurture our shared values, and pass them down to future generations.

THEATRE WITH EDUCATION

We bring theatre into schools and colleges with interactive performances and workshops that make learning fun. Our sessions teach theatre basics and encourage creativity and critical thinking. Students gain valuable skills like confidence and problem-solving, enriching their learning experience and applying creative thinking in their studies and daily lives.

THEATRE WITH PUBLIC

We take theatre to the public by performing in everyday places like malls, parks, streets, and residential areas, making it accessible to everyone. Our aim is to entertain and inspire, reminding people of the joy and wonder of live storytelling. By bringing theatre into the community, we encourage audiences to see the world through new perspectives, celebrating human connection and keeping the art of theatre alive for all to enjoy.
